Dear Ms. McCandless,

Thank you for considering our application to host the International Congress of Ethnobiology in 2010. Please find the attached proposal (ICE-2010-Tofino-Canada.pdf), including appended information with more details about our community and logistics.

We are excited about the opportunity to work with the ISE to host a congress that will immerse participants in the increasingly important discipline of ethnobiology. We are confident that the Tofino Botanical Gardens Foundation will deliver a world-class experience to ISE members, our community and other observers.

Please contact me if you have any questions or would like to discuss any aspects of our proposal.

Sincerely,

VIA EMAIL
