Program setup and funding, implementation, and financial management. 2002 - ongoing through 2010.</p> <p>Management member of <i>CERES Research School: Research School of Resource Studies for Development. Working Program 1: The management of natural resources, human resources and social insecurity</i>. CERES is a multi-university national body that oversees research productivity of university-based faculty members/scientists and the content and quality of PhD education. Accredited by the National Academy of Sciences of the Netherlands. 1999- on-going. http://ceres.fss.uu.nl/</p> <p>Manager, coordinator and PI of multi-disciplinary/multi-institutional <i>Neys van-Hoogstraten Foundation</i> Project in Thailand with three universities in Thailand, one in the Netherlands and one in Italy. Program and financial management. 2006- ongoing through 2010. http://www.neys-vanhoogstraten.nl/index.php?id=39&menu=hoofdmenu</p> <p>Deputy Editor/Associate Editor, <i>Journal of Ethnobiology and Ethnomedicine</i> (BioMed Central). 2005-current</p>
2008	<p>Member of the Social Science Research Evaluation Commission, <i>Beoordelingscommissie National Academy of Sciences of the Netherlands</i> (NWO). Made final funding decisions on research proposals submitted based on reviews received.</p>
2006-2008	<p>Elected Board Member and European Representative <i>International Society for Ethnobiology</i>. . http://www.ethnobiology.net/</p>
2002-2003	<p>Chairman Convener of Working Program 1, <i>CERES Research School</i>. National body that oversees research productivity of university scientists and content and quality of PhD education.</p>
2001-2002	<p>International outreach and partnership development for an international PhD program with research focused on the social impacts of HIV/AIDS in rural Africa. Wageningen University, Winrock International; Netherlands Ministry of Foreign Affairs (as funder). Facilitation of the signing of the MOU between Wageningen Univ. and Winrock; facilitation of contractual arrangements.</p>
2000 –2002	<p>Board Member <i>Biotechnology and Development Monitor</i>.</p>
1999	<p>Lead policy consultant to the UNESCO Ambassador of the Netherlands and the Netherlands delegation at the <i>UNESCO World Conference on Science</i>. Budapest Hungary.</p>

1999	Steering Committee member for the International experts meeting on Deepening Decision Making for Rural Resource Management at the International Service for National Agricultural Research (ISNAR). The Hague, The Netherlands.
1998	Special assistant to Rector Magnificus C.M. Karssen (Wageningen University) on Gender Studies cooperation for the Memorandum of Agreement on student exchange between Wageningen University of the Netherlands and the Asian Institute of Technology, Thailand.
1996-2000	Research manager of content, field staff and budget: <i>Methodology Development for Knowledge Intensive Technology, Documenting Knowledge and Changes to the Knowledge Base of Farmers</i> . International Rice Research Institute & Wageningen University.
1996-2000	Research manager of content, field staff and budget: <i>Assessing Knowledge Intensive Insect Pest Management: Knowledge Absorption, Influence on Decision Making, and Transmission of Knowledge to the Wider Community</i> . International Rice Research Institute and Wageningen University.
1997	Head scientific review of the International Rice Research Institute's working draft of Medium Term Plan for 1998-2002 for gender. Review of all scientific programs and projects for gender content, sensitivity and potential impact of the work proposed.
1997	Organizer of <i>Knowledge Intensive Technology and Resource Management in Agricultural Systems</i> at the International Rice Research Institute. Included developing a vision of the challenges faced in enhancing farmer knowledge capacities in agriculture and spearheading institutional and international meetings on the theme. Coordination of selected activities with partner university, senior management of the Consultative Group on International Agricultural Research, representatives from the research funding community and senior researchers.
1994-1996	Research co-manager (with P. Pingali) of content, field staff, activities, budget: <i>Strengthening Social Science Research Capacity in Vietnam</i> . International Rice Research Institute, Philippines.
1994-1996	Scientific collaborative coordination and planning and research component manager, field staff, and budget: <i>Development of Sustainable Production Systems for Different Landscape Positions in the Pulangi/Manupali River Watershed, Philippines</i> . International Rice Research Institute, Philippines

Scientific Research Quality Control

Peer reviewer of research proposals for the *European Research Council* (ERC), European Union, Brussels, Belgium. 2009- 2013.

Commission member, Beoordelingscommissie for proposals in the open competition for research grants in the area of *Matschappij-en Gedragwetenschappen*. *Nederlandse Organisatie voor Wetenschappelijk Onderzoek* (Netherlands National Academy of Science). 2008

External reviewer of research proposals for the *Swedish International Development Cooperation Agency* (SIDA), Sweden. 2000.

External reviewer of research proposals for the *International Foundation for Science*, Stockholm, Sweden. 1998.

External reviewer of research proposals for the National Science Foundation, U.S.A. 1998.

Chairman Convener of Working Program 1, *Ceres Research School* (under the National Academy of Science), the Netherlands, May 2002- May 2003.

Member of the Management team of Working Program 1, *CERES Research School* (under the National Academy of Science), The Netherlands, November 1999 – March 2008.

Member of the Dutch Scientific Support Group (planning and providing specialized expertise) for *Users' Perspective with Agricultural Research (UPWARD)* under the International Potato Research Institute

(CIP), Asia. UPWARD is an advanced research program operating in multiple Southeast Asian countries. September 1998- September 2002.

Head of gender impact review for all projects of the *International Rice Research Institute* during the formulation of the Institute's Medium Term Plan for strategic research initiatives for the years 1998-2002. 1997.

Policy

Expert advisor for a ministry meeting on targeting development assistance for HIV-AIDS rural populations in Africa. Discussions surrounding setting the agenda, emphasis on priority target sub-populations and sub-sectors (i.e. child farmers; farmer organizations, plantations that employ the rural poor). March 2006. Netherlands Ministry of Foreign Affairs

Expert adviser on Gender in the International Agricultural Research Centers. February 1999. Netherlands Ministry of Foreign Affairs:

Advisor on gender and cultural diversity in science education for the Netherlands delegates to the UNESCO World Conference on Science, Budapest Hungary. 1999. Netherlands Ministry of Foreign Affairs

Previous Research Employment

International Rice Research Institute (IRRI) *Los Baños, Philippines*

- *Position: Senior Scientist* 1/1996 - 5/1997; *Associate Visiting Scientist* 1/1994 - 12/1995
- Duties: Design and manage anthropological research in rice food systems in Asia. Supervise research field staff and staff engaged in data analysis, secretary. Manage annual fixed budget allocation and project specific budgets. Provide scientific and policy advice as required. Publish in the scientific arena and supervise graduate students being hosted by IRRI.

Applied Research Group, Bishop Museum *Honolulu, Hawaii*

- *Position: Ethnographic Researcher* 9/1990-9/1991
- Duties: Design and conduct ethnographic research that investigates historic and contemporary use of selected land parcels for social impact assessment. Conducted investigations in conjunction with archeologists and environmental scientists. Write reports; provide assessments of potential cultural and foodways impacts of proposed development projects.

Previous Academic Employment:

University College Utrecht (UCU), Dept. of Social Science **Utrecht, the Netherlands**

- *Position: Associate Professor* sub-contracted from Wageningen Univ. Spring Semester 2008/2009.
- Duties: Teach Cultural Anthropology

University of the Philippines (UPLB), Dept. of Rural Sociology **Los Baños, Philippines**

- *Position: Adjunct Faculty* 1996/1997
- Duties: Supervise master and PhD students conducting research with the International Rice Research institute. Students enrolled at UPLB as well as foreign graduate students enrolled elsewhere.

**University of Oregon, Dept. of Women's Studies,
Eugene, Oregon, U.S.A.**

- Position: Instructor Women's & Gender studies (GTF)
- and member of the Academic Planning Committee on curriculum development and certification program 1988/1989, 1991/1992, 1992/1993
- Duties: Design and teach the Introduction to Women's Studies- and attend departmental meetings. Academic Planning Committee was service activity.

**University of Oregon, Dept. of Anthropology
Eugene, Oregon, U.S.A. 1987/1988**

- Position: Instructor (GTF)
- Duties: teach lab section of primates anthropology course.

**University of Kentucky, Dept. of Anthropology
Lexington Kentucky, U.S.A.**

- Position: Instructor in cultural anthropology (GTF)1985/1986; 1987
- Duties: Teaching introduction to anthropology courses

Current Educational Projects:

Project developer and co-manager: Project with Winrock International-African Women Leaders in Agriculture and the Environment and Netherlands Ministry of Foreign Affairs for 20 fully funded women to obtain their Ph.D. at Wageningen University on the impact of HIV/AIDS on women and girls in African food systems. Educational component of funded project currently co-managed by L. Leimar Price and A. Niehof. Project ends in first half of 2010. Project value: USD \$ 3,000,000.

Current Senior Scientist Field Research

Project developer, principal investigator and project coordinator: *Semi-domesticated and Wild Vegetables, Fruit and Mushrooms for Household Well-being Among Rice Farmers.* The project examines the overlap between food (nutritional) and medicinal (functional and medicinal) use, plant management (protection, propagation, collection rights), and environmental harvesting sustainability. It is an in-depth multi-disciplinary project conducted in one village in Northeast Thailand. Partners are from Dutch, Italian, and Thai Universities in the fields of nutrition, food science, ethnopharmacology, ethnobotany, plant ecology, and rural sociology. Project value: Euro € 60,000. Funded by the Neys van-Hoogstraten Foundation of the Netherlands. Project ends in 2010.

Affiliated graduate students funded by L'ORÉAL-UNESCO Young Women in the Life Sciences fellowship (Europe-North America Region 2007) and the Neys van-Hoogstraten Foundation.

Previous Research:

Project developer and manager: *Methodology Development for Knowledge Intensive Technology, Documenting Knowledge and Changes to the Knowledge Base of Farmers.* This research was the development of a methodology to capture indigenous/local knowledge in a given agricultural domain, measure changes in knowledge from educational interventions, and relate the knowledge base to farmer's actual environmental behavior. Research supported by the International Rice Research Institute (IRRI), Food and Agriculture Organization (FAO), Swiss Development Cooperation (SDC), in collaboration with the Social Science Division of the International Rice Research Institute, the Philippine Rice Research Institute and Wageningen University. 1996-2000.

Project supervisor: *Assessing Gender Based Entomological Knowledge and Impacts of Knowledge Intensive Participatory Farmer Education of the IPM Farmer Field School (Vietnam).* Supported by the Cuu Long Rice Research Institute, International Development Research Center of Canada (IDRC) and the International Rice Research Institute. Field testing the methodology developed by L. Price for assessing local knowledge and changes to the knowledge base from Participatory Environmental Education. 1997-1998.

Project developer and manager: *Assessing Knowledge Intensive Insect Pest Management: Knowledge Absorption, Influence on Decision Making, and Transmission of Knowledge to the Wider Community (Philippines).*

Supported by Swiss Development Cooperation (SDC), in collaboration with the Social Science Division of the International Rice Research Institute and the Philippine Rice Research Institute. Specific field research testing the methodology developed by L. Price for assessing local agricultural knowledge, changes to the knowledge base, and behavior from Participatory Environmental Education. 1996-2000.

Project co-manager: *Strengthening Social Science Research Capacity in Vietnam* (administered jointly with P. Pingali, economist, IRRRI). Supported by the International Development Research Center (IDRC) of Canada. Strengthening research activities for Vietnamese colleagues, included providing small research grants, teaching proposal writing, back-stopping data collection methods, analysis and write-up; establishment of a professional social scientist association (VSAFE); supporting translation of text books; M.Sc. and Ph.D. fellowships; and undertaking senior scientist research on changing patterns of production (P. Pingali) and land holdings (L. Price) in Vietnam. 1994 - 96.

Project co-developer and co-manager: *Development of Sustainable Production Systems for Different Landscape Positions in the Pulangi/Manupali River Watershed, Bukidnon, Philippines* (jointly with V.P. Singh, agroecologist, and S. Bhuiyan, water resource scientist, S. Kam, GIS, at IRRRI). Collaborative coordination of planning and data interface for the project. Supported by U.S. AID SANREM-CRSP. 1994 - 96.

Project developer and manager: *Ethnopedology and Vested Interest: Soil Erosion Management in the Manupali River Watershed, Philippines*. Field based research project with multiple ethnic groups throughout the watershed as a component to the project "Development of Sustainable Production Systems for Different Landscape Positions in the Manupali River Watershed, Bukidnon, Philippines". Supported by U.S. AID SANREM-CRSP. 1994 - 96.

Project developer and manager: *Paddy Field Wild Foods and Chemical Pest Control (Thailand and the Philippines)*. Integrated Pest Management component project (IPM). Joint institutional research project with the Food and Agriculture Organization of the United Nations, International Rice Research Institute (IRRI) and Philippine Rice Research Institute. 1995.

Project developer and manager: *Native Hawaiian Hunting, Fishing, and Gathering on SW Molokai, Hawaii: An Impact Assessment of a Proposed Resort*. Examination of current traditional subsistence patterns and access rights to resources. Assessment of potential impacts of a planned resort development on Native Hawaiian diet, and use of the environment and food-ways as cultural heritage. Bishop Museum, Applied Research Group, Honolulu, Hawaii. 1990. Funded by Alpha International (Developer) as required by government law. Component to larger over-all environmental and cultural resource impact assessment. 1990/91.

Project developer and manager: *Women's Wild Plant Food Entitlements in Thailand's Agricultural Northeast*. Research supported by Fulbright 1989/90; analysis supported by Ford Foundation, Dissertation Fellowship for Southeast Asian Studies 1990/91; write-up by Ford Foundation Dissertation Fellowship for Minorities. 1992/93.

Project co-developer and co-manager: *Women Farmers' Marketing of Wild Foods in Northeast Thailand: A Province Wide Pilot Study of Kalasin*. Funded by the U. S. National Research Council and The Center For the Study of Women in Society. 1988. (With G. Moreno-Black).

Project developer and manager: *Wild Plant Foods in the Agricultural Context: An Exploratory Study of Time and Labor Allocations of Peasant Women in Northeast Thailand*. Department of Anthropology, University of Kentucky. Funded by the Graduate School, University of Kentucky. M.A. thesis research. 1986.
